

# HCE DESIGN GROUP

HCE -Hartwig Consulting Engineers- is an engineering consultancy specialising in Civil Engineering, Industrial Facilities, Infrastructure, Energy and Resources. The basis for our worldwide projects is Hamburg, Germany. We design, check and supervise national and international projects. Many notable customers rely on us and the patents developed by our company.

We are looking for a

## Regional Manager Poland / Eastern Europe

Are you a civil engineer who is experienced in project management and static calculation and would like to be responsible for a great variety of national and international projects? This position offers you the ability to lead your own team, as well manage international projects across Eastern Europe and Scandinavia both on and off site.

### Your tasks

- Based in the Hamburg Head Office you will frequently travel to Poland
- Manager of the Polish branch with a firm background both in structural engineering as well as site and project management.
- Your main task is to further develop our Polish team and HCE's business activities in Poland, Eastern Europe and Scandinavia.
- Ultimately you will ideally grow into the position of Regional Manager for Poland, Eastern Europe and Scandinavia, managing your own team.
- Consistent communication with all involved parties
- Reporting to Management Board
  
- Static calculations of preliminary and executive designs for Structural and Civil Engineering projects
- Site and Project Management in Poland and Eastern Europe (Infrastructure, Energy and Civil Projects)
- Supervision of site construction works (reinforced concrete works, earth works, roads, piling and other civil constructions)
- Approval and acceptance of construction
- Consistent communication with all involved parties
- General project management tasks

### Your profile

- Degree (B.Sc./B.Eng./M.Sc./M.Eng. or equal) in Civil Engineering
- Good command of at least Polish and English (written and spoken)
- Willingness to travel nationally and internationally
- Motivated, proactive team-player
- Excellent computer skills, (MS Office)
- Driving license class B
- Knowledge of additional language will be of advantage, ideally German

## **What we offer you**

- Work in an international team within a dynamic company
- Very versatile range of activities and specialisations
- Flat organisational structure, individual initiative and responsibility as well as close collaboration with the project management team in Hamburg and Szczecin
- International work environment and network

Would you like to join our team? Please submit all relevant digital documents (.pdf-files) in an email to Sophie Arps, [\*\*arps@hce-design-group.com\*\*](mailto:arps@hce-design-group.com).
